

WARSAW Cemetery

The largest cemetery in Gallatin County. **LOCATED:** On the south side of Highway 42, three blocks east of the Warsaw courthouse. **TYPE:** Public and in use. **CONDITION:** Excellent. Recently improved by removal of trees on the west boundaries and the addition of a 7 foot chain link fence (which was especially needed in the sw corner). Some confusion occurs where the lot sizes and aisles of the southern additions do not match those of the original plats. This has caused stone setters to skew their lines.
