Alpha Andra Gullion Bower
1891 - 1966

This book is dedicated to the memory of my dear Mother who lived most of her life in Boone, Hamilton, and Marion Counties of Central Indiana (lived for a short time in northern Illinois where her first husband, Ed Barnes, died and she returned to Indiana with her young son Noble Barnes and soon met and married my Father, Claude Bower who was a widower with three children Robert, Kathryn and Philip Bower). Her love, courage and wisdom I shall always remember. To me, she was the family historian telling so many interesting stories about our family members and how each was related to us. She was a great lover of flowers (the flower garden was almost as large as our vegetable patch) therefore in season there were always fresh cut flowers in every room; and in winter, many plants were potted to be brought inside, plus, there were more flowers dried each year to be used in floral arrangements and placed throughout our home adding color and warmth. Every Memorial Holiday we spent the entire day cutting and arranging flowers from her garden to take to cemeteries in Boone, Clinton and Hamilton Counties to be placed on all the graves of our kinfolk-her way of honoring and remembering them. Since we lived on a farm there was always plenty of food and room for our many city cousins to visit us for a week or two at a time each summer- what fun we all had! All relatives and friends were always welcome and we had lots of company. We hosted the Walker reunion a few years and never missed a Gullion reunion held each year in the city park at Lebanon, Indiana.

Contributions

The information in this book comes from many sources and relatives whom I want to thank. Each of you were so willing to take your time to do research and share your personal knowledge without which this book could not have been written. I have also hired some research done, purchased many reference books, paid to have records copied and recently paid to have some typing done to complete the book. My husband George and I made a trip to Ireland to see Slieve Gullion and Lake Gullion; visited cousins, libraries, towns and cemeteries in Alabama, California, Indiana, Iowa, Virginia and Kentucky where we located the farm on the Kentucky River where Jeremiah lived and died over 140 years ago; and to our surprise, learned it is still owned by a Gullion cousin; explored Mormon records in Florida and Salt Lake City, Utah; did research in a very good geneology library in Bartow, Florida, where I found data on one line that had eluded me in more likely places. I want to give special thanks to Madeline Gullion Knight, my Mother's ccusin, who sparked my interest in our history several years ago when she researched our line back to Jeremiah and gave Mother a copy of her data. She will be 99 years old in December of this year 1995 and is still giving me information and ideas. I have tried to organize and put all of this information together in book form and hope it will serve in some small way as a tribute to all of you who helped so much; and, perhaps, be enjoyed by future generations. I do want to apologize to those who have sent much data since 1988; unfortunatly I have been

unable to pull that information together, and revise our history as I last typed it in December, 1988. I still hope I will be able later to put together a supplement; so if you find any errors or have additional information I'm still interested, please send them to me.

HOW TO USE THIS BOOK

This book has been organized into three sections. Since everyone in this book is descended from Patrick, his son Henry and his grandson Edmund/Edmund P.. I have used Section I to list his great grandson Jeremiah and his descendants in outline form. You will note headings on each page are revised and repeated so any name on that page can immediately see his or her personal lineage back to Patrick (1700/05-1805). Further as each descendant is listed all of his or her descendants are listed before going onto the next person. Section II lists Jeremiah's brother John and his descendants and Section III lists his other brother Robert and his descendants. (Since we have so little data on their two sisters they are on the last page of Section III). All the children of Edmund are indicated by Roman numerals I, II, III, IV and V; all his grandchildren by capital letters A., B. etc., all his great grandchildren by Arabic numeral 1, 2, 3, etc., next great, great grandchildren by lower case letters a., b., c., etc.; the next generation by lower case letter with half parenthesis etc.; thus each generation is indicated on any page in the book. For example:

- I. Jeremiah Gullion
 - A. Joseph Gullion
 - 1. Wyant Gullion
 - a. Edmund Asbury Gullion
 - 1) Allen Wyant
 - a) Ruth Gullion

THE GULLION FAMILY

This history of the Gullions covers primarily the descendants of Patrick Gullion's grandson, Edmund P. Gullion. We know the Gullions, probably long before 1663, came from Scotland to Northern Ireland where there is a Slieve (Mt.) Gullion and a Lake Gullion located in County Armagh, but the records found in Belfast were for counties Antrim and Down where the name was also spelled Guillom/Guilliams/Gullen/ Gillian. In 1669 Luke Guillam and Frooke Guilliams paid taxes in County Antrim. From 1580 & 1709 records of baptisms and marriages were found in First Antrim (Mill Row) Presbyterian Church Register. From 1827 to 1856 records were found of baptisms at Connor Presbyterian Church. As late as 1910 the Householders Index, County Antrim, lists Gullions. The earliest date, 1663, was taken from the Passenger and Immigration List Index and shows John Guilliam (no age given) came to Virginia 1663-1679, however Mr. McCabe, researcher, states in his letter that John settled in Virginia in 1663 so I assume he further checked the ships list. Now John could very well have been the father of Patrick but probably Patrick was his grandson.

Since Patrick was 100 years of age or older at the time of his death, he probably had more than one wife (he was with wife Mary in 1803) and several children but we have only found proof of apparently his oldest son Henry who was surely in his 80's in 1803. Again, Henry probably had more than one wife and several children but we have only been able to prove his 2 oldest sons, Edmund and Edmund P. The latter used only the name Edmund after his older brother died @1803. Edmund and Edmund P. must have been very close to their father Henry and grandfather Patrick as all lived close to each other in Pennsylvania and Kentucky and probably before that.

There were several early Gullions in Maryland and Virginia and all we could find, where we could find no relationship to Patrick, are given in the back of this history. hopefully, one day we will be able to find the missing links.

The children's birth records in the pension file were written on note paper $4\frac{1}{2}$ " x $6\frac{1}{2}$ " in different hand writings - neither could read or write, making only their marks. There are copies of two full slips and there was probably another which has been lost or is in too poor condition to copy after 200 years. From other records we know there were 3 more children and probably 4. According to Wyant's biography he was the son of Joseph (Joe C. Gullion who died in Boone Co., IN, in 1864) who was the son of Jeremiah. Jean never appears on other records so apparently she changed her name to Jane or it was recorded wrong in the birth records. On September 20, 1802, according to one of the researchers, they gave their son James land, 2 slaves, boats, horses, household goods and cattle plus misc. items & the land appears to be the home place; Gallatin Co., KY Abstracts of Deeds, 1797-1806, by Dorothy Merrifield also notes this transaction. As noted above, even though Anna was not included in the birth records, her father had to give his consent for her to marry as she was not yet of age. As stated above, we have found no proof that Benjamin is another son but believe it to be true. Now Anna was listed as an heir of Jeremiah but Joseph, James, and Benjamin were not. We know they had already given land to James and it is probable they had done the same for Joseph & Benjamin as they always lived close to their father.

1820 FC Gallatin Co., TN, his father, Joseph, lists 6 males & 2 females - males would be Joseph, 40 yrs; Bryant, 3 yrs; Benjamin, 2 yrs; George Washington, a few months; & probably William Henry, the son of Thomas, 19 yrs (family says he lived with Joseph after Jeremiah 14) - females would be Margaret, 25 yrs; & Mary Ann, 14 yrs. (Who was the other male? They could have had another son b. 1810 who died young but we find no record so probably a relative. 40)

1840 FC Boone Co., TN, & Gallatin Co., KY, Benjamin not listed - he was not given land by his father in 1856 as other children were. He, also, was not named nor any of his heirs to share in Joseph's estate which was settled in the courts of Boone Co., TN, since Joseph died without a Will.

(BILL GULLION) 1905

Dear Ann and George

DECEMBER 1995

The sun is shining brightly and I find it hard to believe.
That in just 17 more nights, it will be Christmas Eve.
When once again as Christians, we celebrate Christ's birth.
And beg our Heavenly Father for peace on this troubled earth.
We need a course of study for the rich and for the poor.
With the theme song for every nation - "Ain't gonna study war no more"
But the object of this letter is to bring you Christmas cheer.
And apprise my friends and relatives, I've held out another year.
It hasn't been the best year for the Knight and Gullion clan.
But we're all here to be counted - we haven't lost a man.
I have a birthday coming up on December 22.
I'll check in number 99 - hard to believe but true.
My longevity brought me honor, for as the years flew by.
I became the oldest living "grad" of New Castle's Chrysler High.
The Rush County Court House is my partner in our race with time.
And throughout its years of service it had acquired a lot of grime.
It has undergone a "facial" that would warm a woman's heart.
I've dropped out of competition as a piece of restored art.
A pupil-friend, Phil Carter, gave me a special treat -
A grand tour of the building, (in teen talk) "It's really neat."
I'm assembling a wardrobe for next year's grand parade.
Yes, my dress will be purple, and my hat a real "sun shade."
You have heard enough of ego, now for the family news.
This has not been our best year, we've had our share of "blues."
Libby took retirement, but she's "busy as a bee."
Even though her family has dropped to two from three.
Andy got his MBA: need I tell you any more?
He is the manager of a new Block Buster store.
His address is now Seattle, but he has a little deal.
He does home chores for his father and enjoys a good square meal.
Libby had a house party with granddaughters as guests:
They whispered and they giggled and got very little rest.
They they went to Elizabeth's for more of the same:
But the mile walk on the Golden Gate Bridge is now their claim to fame.
The big news from my nephew, Bill, deals with genealogy.
Son William and his Lawrie soon will be a family of three.
That dreaded scourge called CANCER invaded the family:
Marjie was its victim, she was brave as one can be.
She was given radiation and so far, apparently
It "did the trick" and hopefully, she now is cancer free.
In October they bravely took a trip to the Midwest.
It was her first long outing, but she really stood the test.
Their destination was Kelly's near Columbus, Ohio.
There were things about the visit that Lloyd did not know.
Was he ever flabbergasted - and did his eyes grow dim.
When the 5 K's and their children turned the spotlight on him.
It was Lloyd's 70th birthday and they planned the celebration
As a tribute to his fatherhood and their deep adoration.
They wined him and they dined him: they even had a show.
Everyone was sorry when it was time to go.
Raise the flag for Kerry Jane and shout, "Hurrah! Huree!"
She back teaching deaf kids in grades one to three.
Kim will start her last semester towards her law degree.
After her bar exam, who knows where she will be.
The Bob Knights and Helena didn't ramble far away.
They traveled in Nevada and California.
If you should go to see them, you'd spot their house with ease.
It is lavender and purple, and is pretty as you please.
Karol's Bill is lucky he's not numbered with the dead.
A freak wind upset his "cycle" and he landed on his head.
Kandace has a new job: she likes it much better.
She puts little "picket fences" (zip code) on your letter.
With love and best wishes, I conclude this letter.

May your Christmas be merry & 196 better

Note: There is some confusing data regarding Elizabeth Gullion. Dorothy

1802, 9/20 Gallatin Co., KY, Ek A-1, p 209 (taken from Dorothy Merrifield's "Gallatin County Kentucky Abstracts and Deeds, 1797-1808") Jeremiah & wife Isabelle Gullion to James (Researcher Martha Stamper states "to son James" so I assume she saw this in actual recorded deed papers.) 150 acres opposite the mouth of Easel Creek on south of Kentucky River, plus 2 slaves (David & Steve), boats, horses, cattle, household items, etc. This appears to be the homeplace and we know Jeremiah was not well for some years before his death so I would guess, when James became 18 years old, they gave it to him so he would remain on the land, do the farming, and care for them and younger children. In 1802 Jane was only 4, Benjamin was 6, George Patty was 7, Jeremiah, Jr., was 9, Anna was 11, Mary 13, & William 15. Thomas was given land & I believe Joseph & Benjamin were given land as well since they did not share in Jeremiah's estate either but have not found proof in records. AC

(Note: "It is unknown when Pearl's younger sister, Cathleen cast a bottle with her name and address inside into the Kentucky River, but this bottle made its way into the Ohio, then into the Mississippi River. It was fished from the Mississippi by Charles Addison Hobson, a young man from IN. who, with another brother, had come to Desha Co. Arkansas, before the turn of the century to work in the timber business. After an exchange of letters over a period of time, Charles Hobson went to Indiana to see his parents by way of the Baldon home which was probably in Aurora by then. Cathleen was too young for Charles - her sister Pearl was just right." Edythe Simpson Hobson)

McBrann - this I feel is the same marriage with some copying errors. AC)

1846 Jeremiah was judge of the first election held in Marion Co., IA, at the home of Alexander May on April 6. (Jeremiah was one of the first settlers in Marion Co., IA.) Alexander May's wife, Hester Sherwood, was a sister of Hannah Simmons Gullion's mother, Frances Sherwood Simmons. It becomes clear Jeremiah & Rebecca had travelled west with members of her family. This data was found in the John Simmons book - there is an error on page 76 where it is stated "Jeremiah Gullion was born in 1793 in North Carolina" this should be "*** in Kentucky."

1851, 7/23, Jeremiah applied for bounty land (Service War of 1812) while a resident of Knoxville, Marion Co., IA, & was allowed 80 acres, Warrant 33962

*Winona Myrle Davis says the following story was told to her many times:

"The Gullions with others went to California in the spring (May?) of 1859 for gold and returned in the fall of 1860. There were several covered wagons from the Attica area and it seems they joined a group on the Missouri River. A son was born to Jeremiah and Hannah when near the Platte River in Nebraska and they named him Platte.

Thomas Gullion had gone to California by horseback (ca 1850?) and returned by Panama with around \$2000 in gold."

1836, 10/24 Benjamin purchased public land in Boone Co., IN (2 40-acre tracts). His brother Joseph purchased land there in 1834, 1836, 1853 & later & Joseph's son Wyant was the first to buy land there in 1833. (Wyant was a surveyor - did he go there first with a surveying party?)

1837 Rachel Patty Gullion at the home of one Benjamin Gullion made a deposition on behalf of her sister Isabelle Patty Gullion in her application for pension based on Jeremiah's Revolutionary War service.

1840 FC Carroll Co., KY, it being a new county formed from Gallatin Co.

1853, 8/30 Sold 40 acres of land in Boone Co., IN.

1856 He came up from KY to Boone Co., IN, & executed a deed of conveyance for 40 acres he had sold earlier but the court records had been destroyed by fire.

Note: In FC Indexes one Benjamin Gullion appears from 1820 through 1850. (I have not checked later years.) I don't believe Benjamin ever lived in Boone Co. He may have bought the land for speculation or there could be many reasons why he decided not make the move. AC

- b. 2/4/1764 Near Ft. Frederick on the Potomac River (this would probably be Maryland if on the east bank or Virginia if on the west bank in those days but perhaps Berkley Co., West Virginia today; and, since he is the youngest of the three brothers, Jeremiah & John were probably born in MD or VA too. AC) (Pension Papers S 16396, T, DRG, MGK, BGH, LC, LL, MS, DAR History published in 1938, Early PA marriages, Tax lists, FC 1810, 1830, 1840 & 1850, Father's estate, His estate records, Land recs & other legal papers)

Bur: Gullion Cem. with husband "Barbary, consort of Robert, age 67 y." & his date of death "7/10/1854, 89 y." (John Robert Gullion found the Gullion Cem. in York Twp. and read Barbary's date of death 11/20/1832. Wanda L. Morford of Cincinnati, OH, published in 1986 her book "Switzerland County, Indiana, Cemetery Inscriptions 1817-1985" and she read the date 12/20/1832. John thinks perhaps Barbara's maiden name was Dempsey and he may be right as she had a lot of male descendants named Dempsey. DAR data on Robert was collected by Mrs. A. V. Danner, Vevay, IN.)
- 1780/1781 While residing in Westmoreland Co., PA, on Severtly (sp?) Creek, he enlisted & served under Capt. Shearer of the same county at the blockhouse on Turtle Creek in PA for 3 mos during the Revolutionary War.
- 1782 Entered service again & served under Col. Wm. Crawford and marched against the Indians near Sandusky, OH, where they were defeated, and retreated to Mingo Bottoms on the Ohio River where he was discharged.

- 1796 Tax List Franklin Co., KY - 1 male over 21, 3 horses & 10 cattle.
- 1797 Tax List Franklin Co., KY - 1 male over 21, 2 horses & 0 cattle.
- 1799 Robert & family on Ohio River bottom above mouth of Log Lick Creek, Switzerland Co., IN. (Mr. Cotton went with Robert to Indiana and is said to have lived in a tree that first winter; Cotton Twp. was named for him.)
- 1810 FC Switzerland Co., IN
- 1814-1815 Robert served on the Switzerland Co. Grand Jury.

- 1830, 11/2 Switzerland Co., IN, Bk G, p 364, Robert Gullion deed to John Boyd - signed Robert Gullion and wife, Barbara Gullion.

- 1832, 8/19, Wm. Scudder of Switzerland Co., IN, and James Cox, a clergyman in Gallatin Co., KY, swore to his good character, age, and his serving during the war. Pension \$16396 was allowed (Could Robert's family have continued to go to church for sometime in KY after they moved to IN? I noticed a notice in the men of war had a boat because they had no horse (AC))

(Note: Catherine Miller was named in Will in 1848 but in the Estate Settlement her share settlement goes to her heirs Aaron, John, Henry, William, & Massalenus Miller plus Polly Dillman, Nancy Ellison & Catherine Miller. AC)

(Note: Robert's Will names all of the following children except Robert D. - could have been omitted in copying or perhaps he had already given him his share. DAR report lists all of these children (including Robert D.) except Catherine Gullion Miller who could have been missed in their research since she moved her family to IL very early leaving few records in IN. (We have no proof Mary's husband was James but he appears on 1800 KY Tax List, Franklin Co. He does not appear in 1810 KY Tax List, Franklin Co.; however, Polly Raybourn does, so he probably had died before 1810. AC) A deposition taken by Mary Raiborne at her home in the town of Frankfort, KY, in support of the pension application, W8879, of Isabelle Gullion, Jeremiah's widow, on January 31, 1838, states that she is a sister of Jeremiah Gullion; her maiden name was Mary Gullion; that she witnessed the marriage of Jeremiah and Isabelle at the house of George Patty near Hannahstown, Westmoreland Co., PA. She was quite a small girl during these events but remembers them well.

- 1800 KY Tax List - James Reyburn, Franklin Co., - 8/7/1801
1810 KY Census - Polly Raybourn, Franklin Co., p 152 (1 male under 10;
2 females 10-16; 1 female 26-45; 5 slaves
1820 KY Census - Mary Raybene, Franklin Co. 056, Frankfort, KY
Robert Rayburn, Gallatin Co., 126, NTL
1830 KY Census - Mary Rayborn, Franklin Co., 108, Frankfort, KY
1840 KY Census - None
1850 KY Census - Osburn Raiburn, Henry Co., 383, District
Henry Rayborn, Carroll Co., 186, District
E. H. Rayborn, Callaway, 423, District

Note: We have no proof, as of now, that the above named are descendants of Mary but are included; and, hopefully will find more proof in the future. AC

(Family notes - Buck and Nellie Waterman lived their entire married lives in the Taylorville area. They first lived in a log cabin on the Vandever farm. They bought the home farm in the early 1930's and remained there until Buck's death in October of 1957. Buck, as everyone called him, was well known throughout the countryside. He was a warm and friendly man who loved people. Buck was involved in farm and livestock sales, trades and swaps. Nellie was a stern, but loving, mother. All who remember them say Buck and Nellie were hard working and devoted to their family. Thelma, Thelbert, Max, Rex and Keith are engaged in farming in the Christian County area. Jean and Joann are homemakers. Deceased family members are buried at Riverside Cemetery, Illiopolis, Illinois. Taken from Waterman Family Tree, AC)

Ada Miller (5/10 or 19/1887) "dau of D. & M." (Even though stones for the last two

F. ROBERT D. GULLION

- b. _____ @1799 IN (FC 1850, Switzerland Co., IN, shows his age as 31 but his wife is 35 - now 51 is often read 31. If he were born in 1819, his Mother would have been 54 and this is highly unlikely. I assume 1799 but will keep looking. AC)
- d. _____ @1890 (His Will was dated 3/28/1890 and recorded in Switzerland co., IN, Bk 4, p 346, 5/5/1890. He was named in DAR Report but not in Father's Will - perhaps he had already received his share. Also data from DRG, JRG, GD & EGH)
- m1) @1837 _____ Dolly Fulton (_____) (DAR)
- m2) 2/21/1842 Switzerland Co., IN, Metilda Nash (_____)
- m3) 1/26/1846 Switzerland Co., IN, Mariah Lineback Stickler b. @1815 d. _____
(The last two marriages were found in "Switzerland County Indiana Marriage Records 1831-1885" Compiled by Knox-Slevin and pub. 1970 but no bk or p nos. given. Also in this compilation Robert Gullion m. 11/16/1838 Mary McCannless - could this be another marriage for this Robert D. or maybe a second marriage for his father as Barbara died in 1832? On the FC 1850 Robert, Sr. was single & living with son, Charles D.)

FC 1850 Abraham Winscott, age 11, was living with Robert D. & Mariah/Maria. In Slawson Cem. there is a marker for Marie R. Winscott "wife of A." (1/2/1812-9/12/1838) Since this cemetery is in Pleasant Twp. where they lived in 1850, she could be either a neighbor or a relative who died when child was born & they took her son to raise - Robert D. & Dolly had a baby, Margaret, about the same age.

DOCUMENTS

The old and characterful town of Newry is at the centre of a mainly mountainous region divided into two parts by beautiful Carlingford Lough, a long arm of the Irish Sea.

Newry itself is intersected by water, the first canal in the British Isles having been constructed there nearly 250 years ago. The Town Hall actually spans the Clarys river.

On both east and west, mountains overlook the town - situated in 'the Gap of the North' which since prehistoric times has been the main route between the south and the north of Ireland.

The eastern region is almost wholly filled by the Mourne Mountains, famous the world over through Percy French's song 'Where the Mountains o' Mourne sweep down to the sea'.

To the west, less well known but no less attractive, are Slieve Gullion and its encircling ring of rugged hills. Slieve Gullion is known as 'Ireland's mountain of mystery', so many and so ancient are the stories about it in Celtic mythology.

The whole Newry and Mourne district makes a strong appeal to tourists who like outdoor pleasures: walking (no part of Ireland excels it for scenery and solitude); angling (in lakes, rivers or the sea); bathing (Carlingford Lough has the warmest water in Northern Ireland); sailing; caravanning or camping; pony-trekking, golf or visiting antiquities.

Eight express buses travel to Newry daily from Belfast (Great Victoria Street) in 70 minutes. Newry is also an important Ulsterbus excursion centre, with day tours of the County Down coast and trips as far afield as Dublin, Donegal and Portrush. The Mourne may also be approached by the coastal route from the North, via Newcastle.

PLACES TO VISIT

Newry. Ships no longer use the old canal, but it has been so well stocked with fish that it is the annual venue of the Ulster Coarse Fishing Championships and the World Freshwater Angling Championships were held here in 1982. Newry, having been a mercantile town for centuries, has dignified buildings including the

Cathedral of Saints Patrick and Colman and tall old warehouse along the canal quays. Newry golf course is S. of the town. There is a splendid walk or drive to the Flagstaff hill with views over Carlingford Lough and the Mourne, Carlingford and Slieve Gullion mountains.

The Mourne Mountains. Within a 25 mile circle 15 summits rise to over 2,000 feet, so that the motorist sees a changed panorama almost every mile. No road traverses the central area (called 'the wilderness'), making the Mourne perfect for the walker along tracks through heather, by lakes and streams and with birdsong and tumbling water as the only sounds. This is also Northern Ireland's favourite area for rock climbing.

Apart from just enjoying the wild scenery, the walker has a great variety of 'objectives': the Diamond Rocks, where glittering crystals can be chipped from veins; the Silent Valley and Ben Crom dams; the great cave of Cove Mountain; high-up little Lough Shannagh with a sandy beach; the colourful Red Moss above Rostrevor, and many more. To visit the Mourne is to become eager to return and walk farther - even to attempt the 22 mile Mourne Wall Walk which is held every June.

Newcastle. A seaside resort north of the mountains, with the famous Royal County Down Golf Course and a long beach close by, on the northern slopes of the Mourne, are the magnificent forest parks of Tollymore and Castlewellian. Just south is the National Trust's Mourne coastal path from the Bloody Bridge picnic site - at the end of the Brandy Pad right through the mountains.

Annalong. A little old harbour, with a picturesque fishing fleet, an old cornmill with waterwheel and Mourne granite-cutting yards. All along the coast is a succession of beaches.

Killybegs. Capital of the Kingdom of Mourne which has the coast's main fishing fleet. A 14th-century ruined church stands in a rath at the town centre. Here too you can buy those 'Mourne diamonds' set in a brooch or cufflinks.

The town also has excellent recreational facilities at Mourne

Slieve Gullion

Newry Canal

Annalong

Esplanade with golf at Mourne Park a little inland. The beaches increase in length and fineness of sand as you travel south.

Cranfield Bay. A long south-facing, sun-warmed beach ideal for bathing, picnicking, camping and caravanning.

Greencastle. An old-fashioned hamlet at the mouth of Carlingford Lough, dominated by the tall, square, turreted castle built in 1261 by the Anglo-Normans to rule the south of Ulster. Carlingford Lough was named by the Vikings who landed here during the 9th and 10th centuries to plunder the Irish monasteries.

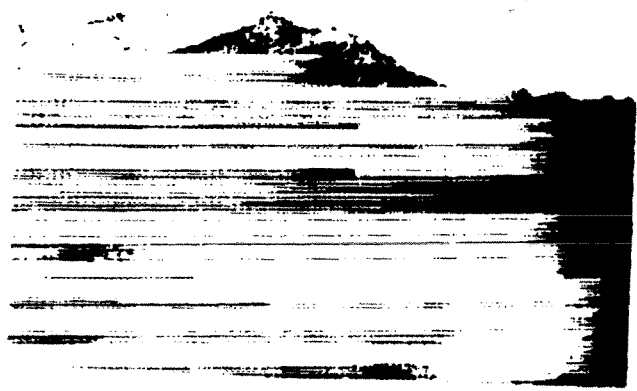

Rostrevor. The most sheltered place in Northern Ireland, with Mediterranean plants growing by the seashore in the lee of the Mourne Mountains. Starting point for walks in lovely Rostrevor Forest Park amid the scented pines. The Forestry Division's caravan camp permits long stays. Rostrevor has numerous famous features including the 'Big Stone' (Cloc Mor), St. Bronagh's 6th-century church and bell, the Fairy Glen, a Celtic cross and the magnificent Kilbroney Park.

Warrenpoint. A resort which is also the seaport for Newry, with a big square, animated waterfront and a colourful market on Sundays. There is a new, well-equipped yacht marina. Beach, golf, tennis, sailing, 'singing pubs' - and excursion boats over to Ormeau in the Republic - all add to Warrenpoint's attractiveness. **Water Castle** is a miniature version of Green Castle, commanding the narrowest part of Carlingford Lough.

Rathfriland. A hilltop market town with marvellous views of the Mourne range and full of Irish country atmosphere, particularly on market days and cattle-sale days. The district north of Rathfriland is a place of pilgrimage for lovers of the Brontë sisters' books - for here their father lived in his youth, and some passages in the novels reflect the tales he told of County Down.

Hilltown. Attractive and spacious village noted for its pubs - legacy of the times when brandy was smuggled into Killeel and over the mountains. Hilltown has a pretty parish church (1776), a Georgian market house - and lots of pubs. It has a monthly market and a big sale of hill sheep in the autumn.

River Bann, near Rathfriland

Bessbrook. To the west of Newry, this was built mainly of Mourne granite as a 'model village' by a Quaker linen manufacturer for his work people, banning pubs and pawnshops (it still has neither). Bernard Shaw was impressed and came to see it. The massive old mill, dams, weirs and sluices are of considerable interest, and well worth a visit.

Derrymore House. A quaint, thatched manor house south of Bessbrook in lovely grounds, all maintained by the National Trust. The furnishings include interesting reminders of important Anglo-Irish treaties that were negotiated or signed here. It was the home of the Chancellor of the Exchequer of the last all-Ireland parliament.

Camlough Lake. South of Bessbrook and beautifully situated between Slieve Gullion and Camlough Mountain. Walks by the shore and up the hillside to viewpoints.

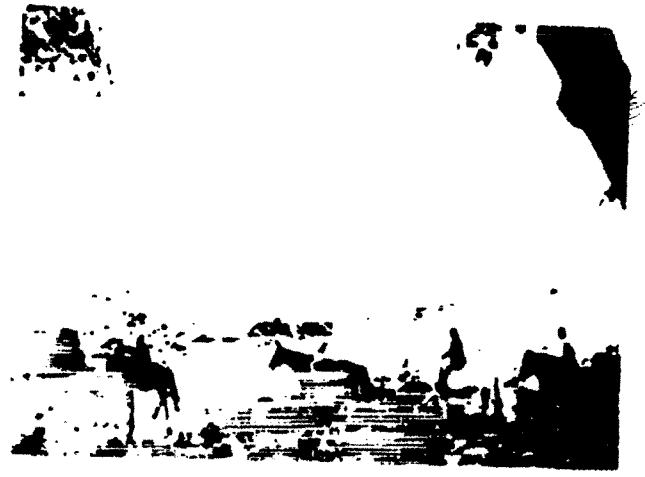

SLIEVE GULLION MOUNTAIN AND FOREST RECREATION AREA

This is one of Ulster's most interesting places. A forest drive winds nearly to the top and paths continue to 1,900 feet where there are two Stone Age cairns. On a clear day you can see Belfast and Dublin and clean across Ireland. There are caravan and picnic sites as well as a restaurant and display centre. Old Killeavy churches, Moyry Castle and the Killesnoo Stone (Ireland's earliest datable Christian monument) are interesting things to see around Gullion.

According to tradition Glendhu, due south of Slieve Gullion, is the spot where the heroic Ulster warrior Cuchullain single-handedly haled the army of Queen Maeve of Connaught who had come to capture the Brown Bull of Cooley. This story (the Tain Bo) is the oldest of the great Celtic myths, whose heroes and heroines are supposed to have dwelt around Slieve Gullion several centuries before the birth of Christ.

The Ring of Gullion. These are oddly-shaped hills of volcanic origin encircling the big mountain. Among the hills, rivers and lakes (full of fish) are the villages of Mullaghbawn, Forkhill and the small town of Crossmaglen. Jonesborough, right on the Border, has Ulster's liveliest open-air Sunday market.

"HANNASTOWN SITE, near Greensburg, Westmoreland County. When Westmoreland County was created in 1773, Hannastown was the county seat, the first one west of the mountains. It was on the Forbes Rd. (Raystown Path), about midway between Fort Ligonier and the site of Braddock's defeat on the outskirts of Pittsburg. Hannastown had the distinction of being burned in the last action of the Revolutionary War in Pennsylvania, a raid that took place on 13 July 1782 (a Saturday). A highway marker is just west of the site on Pa. 819 north of Greensburg."

SETTLERS OF THE SHENANDOAH VALLEY

At a Court held for Frederick County on Tuesday the Third day of September, 1745. Jost Hite in Open Court acknowledges these his Articles of Agreement made between him and Maria Magdalena his wife before marriage, which on his motion is admitted to record together with an account of goods brought by the said Maria Magdalena Endorsed on the back of said Articles.

TEST: THOS Wood, Cl Cur

The original is in German, signed in German; was recorded first in Orange County, then in Frederick, 1744. We find no evidence of any children born by this marriage.

The reader will excuse this extended notice of the famous Joist Hite, since he was the chief figure in the early settlement of the Lower Valley; and also excuse the brief notices in the following pages of many other settlers who became far more famous in their lives, as they struggled to plant the colony under so many adverse circumstances.

Having thus briefly disposed of the Hite family, we will turn attention to some of the other families who came with Hite. We mention

merely the names of those who settled upon tracts of land that Hite set off for them from the original grant to him for himself, and the twenty families he was to locate. We find William Hogue on the Opecquon, John White on Hogue Creek, Nathaniel Thomas at the head of the Opecquon, Benjamin Borden near Shepherdstown, "binding with its western line on the Bullskin Run," David Vaunce on the Opecquon, Stephen Hansbella, Christian Nisewanger, etc. (fuller mention later on.)

Hite located the Irish immigrants on the Opecquon. This was known as the Irish immigrant party that arrived between 1737 and 1740. This is somewhat misleading: for the ships' lists show the English, Irish, French, Scotch and Welsh made up the list; and those who sought homes in the Shenandoah under the guidance of Hite's son, were John Bruce, Patrick Berry, Denis Dough, Patrick Daugherty, Thomas Doster, John Littler, John Fitzsimmons, O'Connell, and three Riley families representing the Scotch, English and Irish, the Morgans from Wales; Louis Dunias and his two sons, Charles and Thomas, the French:—many more of this class, eighty in all: not a German among them

John

Be it shewn that on this 16 day of
March 1859 Ursula appeared before me John
Chilton a Justice of the peace in and for said
County and one of the members of the Shelby
County Court Seabell Pulliam (widow of Seaborn
Pulliam deceased a resident of this said County
aged 77 years who being duly sworn accord-
ing to law in full her oath made the following
declaration in order to obtain the benefit of
the act of Congress passed July 4th 1850.

She states and declares that she is a native
of Ireland and that her father's name was Geo
Patton that he emigrated to the United States before
the Revolutionary War that she this declarant is
now 77 years of age and upward and is a
resident of Shelby County Ky and has been for
a number of years past. She states and
declares that her father lived in Westmoreland
County Pennsylvania during the Revolution and
part of each period in Blannet's Cove the
seat of Justice in said County that in the
year 1780 as well as she now remembers and
month of January 22 of that year she was law-
fully married at the house of her father to Jacob
Wilson and that the marriage was performed by
a Wm Treble a minister in the position authorized so
to do - and she continued with

her said husband, until the period of his death
 which took place about 22 years ago as well
 as she remembers in the month of April 1855
 in Callahan County, Ga. and she states and declares
 that she has not married since his death.

This declarant further states that her said
 husband and the best friend of her husband as well as she
 remembers a little over two years before their mar-
 riage entered the service of the United States as
 a private soldier in the army of the rebellion and
 that he continued in the service for two years and
 she is now of the opinion that he enlisted in the
 service for one year though of this she is not
 certain and that he continued in the service
 for two years instead of one. She knows that
 he served the two years for she was well ac-
 quainted with him and a few months after
 his return from the service their marriage
 was solemnized. This declarant further states
 that during his said service he received two
 wounds, the first afterwards informed her one of
 them in the right foot which was a great one
 struck by a ball and the other wound in the
 right leg also by a Ball. The scars of these
 wounds this declarant states she has often seen
 and they gave evidence of their having been
 very serious and she is disposed to think that
 they were a means of hastening his death.

This declarant states that it is her present belief that the said Jeremiah Ellison her said husband entered the service as a private under Capt. Brown and was attached to the Regiment of Col. Barnham but of this she cannot say that she is positively certain for the lapse of time and her loss of memory will not suffer her to state these things positively.

This declarant further states that about 6 months after her said marriage her said husband again entered the service as a private soldier for the term of six months - but whether he volunteered or was drafted or enlisted she cannot now say - nor does she know under whom he served - but she knows that his services were directed and required against the Indians and that he served out his full term of service and returned home.

She further states that her said husband did not remain at home after the termination of his said last mentioned service more than three or four months until he was again called into the service of the United States ^{still} as a soldier upon a term of six months and that he served out the same fully - whether he went out on this occasion as a volunteer or militia man or whether he enlisted ^{she cannot state} about she knows that he served as above stated and that his service were against the

Indian - This declarant states that these services were performed before the expiration of the revolutionary war and that in a decisive battle her said husband performed much service, as an Indian life, and upon scouting parties during the same periods how long however she cannot now pretend to say. She further states that her said husband was at the battle of Mummah's Town in the county of Westmoreland Pennsylvania and assisted in the defence of that place. She is satisfied that the services of her said husband did not amount to less than three or a half or four years during the revolution.

This declarant further states that she is labouring under an impression that her said husband was at one time immediately after the revolution placed on the invalid pension roll of the United States but she cannot now say whether such was actually the fact. She does not believe that ^{he} was received anything from the government by way of pension since he moved to the state of Kentucky which removal took place a few years after the revolution.

She states that she has no documentary evidence of his services and she does not know whether it will be in her power to prove them. She states also that she is 80 years of age in body.

that she has not been able to walk for the last six or seven years without assistance & that she cannot attend court in consequence thereof to make the her declaration

Sworn & subscribed the day and year first above named

State of Indiana ss.
Howard County ss.

On this 29th day of March AD 1852 personally appeared before me a Justice of the Peace in and for the County and State aforesaid Thomas Gullion aged 45 years a resident of the above named County and State who being by me first duly sworn according to law does on his oath make the following declaration (Viz)

That he is one of the children and heirs of John O'Gullion deceased late of Howard County Indiana. His father the said John O'Gullion died in Howard County Indiana on the 24th day of June AD 1850 leaving no widow, his wife my mother having died in Decatur County Indiana on the 11th day of February AD 1845. My father left two children and heirs at law Viz Thomas Gullion, the declarant, and Susan intermarried with Levi Rayls both of whom are now living in Howard County Indiana and claiming the benefit of this application. My father was a soldier of the Revolution and

and a pensioner of the United States at the time of his death, by certificates of pension which will be hereinafter described. I have frequently heard my father say that he never received any benefit in the way of pay while in the service. He once had a considerable amount of "Continental Money" which was worthless, but even admitting that at nominal value my belief is that he never received his pay. I have heard him also say that he was entitled to bounty land although he never received any. He was pensioned under the act of 1818 and made his application for the benefit of it, but his pension did not begin until 30th day of January AD 1832, and he has frequently said that he ought ^{to have} the arrearage between March 18th 1818 and the date of his pension. My father and mother as I have always heard and believed were legally married but I cannot name the year, but from the fact that there were four children older than myself, it must have been at least 55 years since. Three of those children are now dead, the other, Susan Rayls is ^{mentioned}

mentioned above. My sister does not
 know either where they were married at
 but found the best information we believe
 it was not far from Lexington Kentucky
 It might have been near Dayton Ohio.
 Edward Tanner of Decatur County in this
 State, or Robert D. Sullivan of Switzerland County
 in this State, the brother of my father and
 himself a pensioner of the United States
 can no doubt tell where they were
 married, and I will endeavor to get their
 statements or memorandums so that I can
 trace it to the record at proper places.
 My mother's maiden name was Catherine
 Riffel. She was a widow when my
 father married her. Her first husband's
 name was Tanner and the above named
 Edward Tanner is her son by the first hus-
 band. My father lived for many years
 in Ohio he removed to Switzerland Co. Ind.
 and resided there for many years, then to
 Decatur County Indiana
 He finally removed to Howard County Indiana
 where he died on the 29th day of June
 AD 1850 above stated. The following

BIOGRAPHICAL SKETCHES

Boone County, and engaged in Florence. He is a member of a Church, and a very industrious stown man. He is unmarried. He is a Democrat.

UNES, a native of Indiana, was 17, and is a son of Abijah and (Mrs) Grimes, natives of Scott county, Ky. Abijah Grimes was a miller, stock dealer, and was a son of a native of Virginia, who immigrated to Kentucky at an early day, but died in Indiana, where he was a occupation. Louisa (Bridley) a daughter of William Bridley, a native of Kentucky, who was a settler in Kentucky. A. D. is educated in the common schools and after leaving school, and when 17 years old, he went to Nicholas, Ky. He lived until 1878, when he married, and engaged in the hotel business, Ky., for three years. He owned a farm in Boone County, Ky., of 117 acres, which he valued at \$10,000. In 1861 Mr. Grimes joined the Confederate Army, in Company E, First Cavalry, known as Wirt Adams' company. He took part in the battles of Shiloh and Perryville. November 2, 1862, he was killed at the battle of Murfreesboro, Tenn. He was married to Miss A. K. Bond, daughter of G. and Marion (Johnson) Bond, and was born and reared in Owen county, Ky. Four children have been born to Mr. Grimes, viz: Marnie L., James and Freddie H. Mr. and Mrs. Grimes are members of the Christian Church, and in politics Mr. Grimes is a member of the Democratic party.

T. O. GULLION was born on Mill Creek, Carroll County, Ky., near the village of English, October 11, 1812. He was the son of Joseph and Margaret (Wright) Gullion, who were natives of Pennsylvania, of Irish-Dutch origin. Jeremiah Gullion was the subject of this sketch at Frankfort, Ky., at a very early age. His father, Joseph, was a settler on the Kentucky River.

at the mouth of Eagle Creek, in Carroll County, in 1791. Wyatt O. Gullion was reared in the vicinity of the place of his birth, and attended the subscription schools taught in his neighborhood when quite young. When about thirteen years old he was attacked with white swelling in his leg, which confined him to his room, and most of the time he was unable to rise, during which time he studied a great deal, and without the aid of an instructor prepared himself for teaching. He taught school a few years in Carroll County, having to go on crutches for several years. In 1836 he moved to Boone County, Ind. Here he taught the first school ever taught in Lebanon. After a few years spent in teaching, and in surveying in the then wild lands of that section, he returned to Kentucky, and engaged in the wheelwright's trade in his native county, which trade he had learned when a boy. In 1845 he went to Alabama, and settled at Baker, where he lived until June, 1848, when he enlisted in the Mexican war, belonging to Col. M. V. Thompson's regiment. He was the last man to leave Monterey after the capture of the city. He entered the army as a private, afterwards served in the quartermaster's department, and remained one year in the service after the close of the war. In 1849 he left the army and went to California, where he spent two years in mining. Returning to his native county, with a few thousand dollars in gold, he was there married, April 9, 1852, to Maria L. Whitaker, a native of Harrison County, Ky., daughter of Edmund Ashbury and Sidney (Dean) Whitaker, and grand-daughter of Rev. Josiah Whitaker, a widely known pioneer Methodist preacher. Six children were born to this union, viz: Ed.mund A., Joseph E., Margaret F., Ernest W., Mary, Nellie and Carrie, the last two now deceased. In 1856 the subject of this sketch was elected sheriff of Carroll County, as the Democratic nominee, defeating Robert Tate, the candidate of the American party, by a large vote. Serving two years, he was not a candidate for re-election. For a few years prior to and succeeding his election to the

sheriffship, he was engaged in the mercantile business in Warrenton, Ky., but much of his life was spent on his farm on Eagle Creek, two miles east of that town. In August, 1874, Mr. Gullion was elected clerk of the circuit court of Carroll County, as a Democrat; was re-elected for three terms of six years each, and was holding the office at the time of his death. On June 11, 1887, after an illness of only a few days, he passed away at his home in Carrollton, aged seventy-four years and eight months, and was buried in that town. Mr. Gullion was strictly a self-made man. He was very popular, and made friends wherever he went. He held the office of justice of the peace for several years in Carroll County, and held the same office many years before in Indiana and California. Politically he was a Democrat. His first vote was for Gen. Jackson for President in 1828, and he continued to vote the Democratic ticket as long as he lived. He was an uncompromising friend of temperance throughout his life, and took an active part in all movements, the object of which was to secure local prohibition, and he never drank intoxicating liquors. He united with the Methodist Episcopal Church South, at Warrenton, in 1857, and remained a member until he died.

MRS ELIZA HAMILTON is a native of Gallatin County, Ky., and is a daughter of John O. Hamilton, whose grandfather crossed the ocean at an early day in the history of this country, and settled in Maryland. There were born his father and all his other brothers and sisters. His father, determining upon a change of location, started with his family for Kentucky, then almost a wilderness. Learning, on his way through Pennsylvania, that the Indians along the Ohio River were treacherous and dangerous, he stopped for a year or two at a point in that State called Sherman's Valley. Here, August 25, 1794, Father Hamilton was born. When he was about a year old his father again started for Kentucky, and upon arrival there, settled at a point in Boone County, five miles back of the town of Argenta, called Cross-Roads, now Oakburn, where he lived many years.

and accumulated a considerable estate. Her Mr. Hamilton's childhood, youth and early manhood were spent. From here he made one or more trips on flat boats to New Orleans, returning overland and carrying the proceeds of his sales, largely in silver in saddle bags, a long and dangerous journey in those days. Here for a few years he was in the general merchandising business, as was, in the year 1817, he married Hannah Gregg, a high-minded, warm-hearted woman, a true help-mate, who bore him nine children, and who for twenty years faithfully shared the toil and sacrifices that laid the foundation of his fortune. Of these children four daughters and one son survive, in some and two daughters predeceasing him to the grave. It was from this point also that the war of 1812, when not yet nineteen years old, he enlisted in Capt. Baker's company of Mason County Volunteers, to go to the relief of Fort Mifflin, then closely beleaguered by the British and Indians. His company went by the way of Chesapeake. He engaged in entering the fort, and assisted in its defense. He distinguished himself by courage and activity. At one time, when the British were compelling the defenders to retreat, he volunteered to lead a party of about twenty men, suspecting that the enemy was marching to the assault, asked for some arms to mount the ramparts, survey the situation and report. The danger was so great that no one responded until Mr. Hamilton came by, and, learning what was wanted, sprang immediately upon the parapet, took a rap look around, and sprang down again. Shortly after the time was, he was a target for many of the enemy's rifles, and a bullet from a grained his shoulder. The officer who had asked the service, laid his sword lightly on the mark of the bullet and said, "Ah, a brave fellow, some day that shoulder shall wear an epauletta." At one time a shell fell near him. Falling, to escape the explosion, a heavy cloud, thrown up by the shell, fell on his head, inflicting injuries from which he perhaps never fully recovered. With the relief of Fort Mifflin his time of service expired. He volunteered again, however, to go to the
